Contemporary Indian Art

Participation in Sensitivité

Thank you for your interest in Sensitivité. We have been collecting art since 1990. With more than 20 years of experience studying and collecting art, our quest to seek out the zest in contemporary art has turned into a passion, and we have continued to collect works of art based on real talent.

It is our goal to promote young talented artists, in particular from the Bengal region, and over the years our interest has grown for Indian artists from all over the world. Our knowledge and expertise has been honed after spending more than two decades attending art exhibitions all over the world and meeting with artists.

Over the years, we have developed personal relationships with many artists with the ultimate goal of promoting their work and to bring Indian art to the world. Sensitivité is meant to bridge the gap between the fortunate haves and the hungry have-nots, so that Indian art can be made available to anybody in the world. On the site you can find paintings of all price ranges to cater to everybody's budgets and needs.

Every single painting in our collection of over 800 paintings has been handpicked and is privately owned. Unlike other galleries every painting that is displayed here is owned by the group. With every painting purchased the buyer will receive an authenticity letter that has been personally signed by the artist.

If you wish to promote your works through our website, you can do so on the following conditions:

- i) Our commission will be 10% on the sale after deduction of shipping expenses, bank/transaction charges, and TDS (certificate of which will be given to you for reclaim).
- ii) You have to provide us with photographs of at least 6 of your original art works, and a maximum of 15 art works.
